

# BEAVER NEWS

January 2010

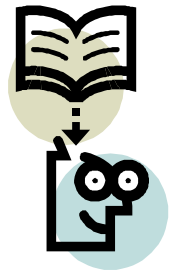

We returned after Christmas with the snow. The theme was healthy eating, the evening started with a healthy game called "fruit bowl". The boys then designed their own healthy badge, which some of them are still wearing on their uniform, this is nice to see. We said goodbye to 2 Beavers Jamie and Jack we wished them all the best as they moved up to Cubs.

The following week, we talked about how we should look after the countryside. The Beavers in their lodges designed posters with a little help from the leaders; these will be put up around the Scout hut for you to see. David and Isaac were invested.

Before Christmas one of my Colony assistants got in touch with a Beaver colony in Canada, to see if they were interested in becoming pen pals with our Beavers, and they were. So tonight the boys made a book all about themselves to send over to them, together with a group photograph. So watch this space.

We finished by playing skittles, their favourite game.

## Activities in February - not to be missed

No Meeting on 18<sup>th</sup> February - Half Term

### First Aid

Thursday 4<sup>th</sup> February

### More First Aid

Thursday 11<sup>th</sup> February

### Astromony

Thursday 25<sup>th</sup> February
