

BEAVER NEWS

May 2010

During the first weekend in May, we attended the Group Camp and this will be reported elsewhere.

Thursday 6th May

This was the second part of our Space topic; we designed our own Alien masks which will be put as a wall display for you all to see. We played a game to incorporate a game called Alien big feet.

Thursday 13th May

This was our big Challenge night where each Beaver had to pick 26 Smarties up using chop sticks (this was a challenge). The money raised will go to Children with Leukaemia plus the Group mini bus fund.

On Friday 21st we attended the District Beaver Challenge and we hope to report on this separately.

Thursday 27th May

This was our last meeting before half-term, we made kites using coloured paper, wooden skewers, string with bin bags cut into strips for the tails, they enjoyed making these. We then went out on the field to fly them. At the end of the evening we said good bye to Oliver Smith, Sean Collins and Sam Best as they move up to Cubs. Ben Boots was presented with his Chief Scout Bronze which is the highest award in Beavers.
