

## District Beaver Camp

In September 2011 the first beaver camp took place at our HQ.

Details of camp activities can be found in the September Thor Beaver Newsletter and some pictures are shown in the Photos section of our website.

One of our Beavers enjoyed it so much that his mum wrote to us the following note:

**I have just sat down after taking my son to bed - he has been on the Beaver camp this weekend at the Scout Hut in Irby.**

**He has come back full of stories about all of the wonderful things that he's done, and has told me that he has had the time of his life!**

**This was his first ever time away from home without his mum and dad and whilst I'm sure that we were probably more anxious about it than he was (!) may I take this opportunity to thank everyone involved in the planning and running of the weekend. I work with children myself, and fully understand that something like this takes an awful lot of planning and energy.**

**I would also like in particular to thank Jayne Oliver and Ellie for making Tobin feel so comfortable about going in the first place!**

**I believe that this was the first such camp for Beavers: from a parent's point of view, I would like to say that it certainly sounds as if it was a success! Hopefully, this will be the first of many great camping experiences!**

**Many thanks,**

**Rebecca (mother of Tobin, Ist Thurstaston Thor Colony.)**
