

Manley Mere Adventure Trail

Over the weekend of June 12th / 14th, we went to help at the District Cub Camp at Hadlow Fields. While the cubs were doing their thing on the Saturday, we paid a visit to Manley Mere Water Sports Centre where there is an Adventure Trail. This trail is about 1.5 miles long with a series of obstacles to overcome. As well as just having fun, whilst we were there we concentrated on some Teamwork Exercises over the Assault Course section that included getting a team of 6 over an eight-foot wall.

Most of the obstacles involve trying to avoid falling into water, but a number of scouts saw this as a challenge and spent as much time as possible wading through the various pools and streams.

Favourite obstacles were the Dunking Chair and the Zip Wire. Below are some photos taken on the trail.
