Due to examinations for our Young Leaders it is necessary this term to use two parent helpers to stay in ratio.
Please remember your night and if you are unable to make it, it is your responsibility to try to swap nights with someone else and inform me-we do appreciate that we all have busy lives! This rota covers up to the end of Summer term and will continue in age order of Cub in September with the parents of the Beavers who have moved up and have been invested as Cubs, added in.
The parent helpers allow us to run smoother pack nights and maintain a better adult:child ratio. It also allows you to see first-hand what activities your child does at pack meetings. Of course, we would always love to see more parents willing to lend a hand, so if you have a spare evening please let me know!

Thanks for you support,
