<input type="checkbox"/> Carrier Bags to Separate Clean/Dirty Items	YES											
		<input type="checkbox"/> Personal First Aid Kit Ideally (Good Practice) <input type="checkbox"/> Personal Medication - handed to Camp Leader <input type="checkbox"/> Sweets - not too many!!										

General Notes

- Scouts travel to and from camp in full smart uniform, please pack or wear their Thurstaston t- shirt.
- Black bin bags are not suitable for sleeping bags as they tear very easily, please contain in a suitable carrier.
- Please name all clothing, wash bag, sleeping bag, towel, everything ! especially Uniform and Necker. Write on the labels, initials are better than nothing.**
- No Gameboys, Ipods, Pokemon (or any other type) cards, radios etc please. Fully charged mobile phones (with credit) are permitted but are to be only used for emergencies on the hike. No facilities to recharge the mobile phone are available. Misuse of a mobile phone will result in it being minded by the Leaders until the end of camp.
- Your Scout needs to be prepared for whatever the weather decides to do; please don't leave things like waterproofs out because the weather looks ok when we set off.
- Please let us know of any special / dietary needs, your child needs to eat and within reason we will try to accommodate this.
- Penknives may be taken to Camp but must be packed in the middle of the kit bag and should not be taken on activities.

Equipment Notes

Here is some basic information regarding some of the items you may require.

Sleeping Bags Synthetic filled bags are easier to clean than natural filling. Zips can be a source of cold if no baffle is fitted.

Footwear Boots give a better ankle support and normally have better soles than shoes if you are hiking.

Warm Wear A number of layers is warmer than one thick one and the warmth can be regulated more easily - it does get cold at night even if the weather is good during the day, do not forget your hands and head. Layers can be taken off if weather is hot!

Torch Do not pack your torch with batteries fitted (or at the bottom of your kit) as it could easily get accidentally turned on and you will arrive at the camp with flat batteries.
