

District Camp at Queen Charlotte's Wood

The Autumn District Cub Camp was held at Queen Charlotte's Wood over the weekend 18th - 20th September 2009. As usual the scouts came along to help and we had some cubs and scouts from Barnston camping with us as well. So we had lots of tents as can be seen on this panoramic photo.

We had a very busy weekend with the activity bases covering various aspects of the Scientist and Astronomy badges, but we had a great time.

The scouts did their own cooking and went on a hike. At the end of the camp 2 cubs and 1 scout were invested.
