

Exciting Announcement

November 2011 - Reed Pack opens
2nd Cub Pack, new beginnings - new name

We are delighted to have opened a second Cub Pack meeting on Wednesday nights, with 2 Beaver Colonies now it was almost inevitable we would need to 2 Cub Packs sooner rather than later ! We have been meeting each week with over 40 Cubs for some time now and we felt the time was right, we consulted the parents and sorted who wanted which night and after a final meeting together for our Halloween party we opened 'Reed Pack' in early November.

We have been operating two packs successfully now for some months and we feel it is working well. The smaller groups - currently around 25 on each night mean we can offer better quality Scouting at the pack meetings - the Leader team has split - with Sue (Akela) Leading each night and the remaining Leaders attending either Monday or Wednesday - Debbie (Baloo) and Matty (Chil) cover Monday with assistance from Bethan one of our Young Leader team and Paul (Rikki) and Jon (Bagheera) attend Wednesday with help from Catherine (Hathi) our newest recruit from the Parents. We are grateful for the continued support of the parents with one family helping on each night on a rota basis.

We have named the second pack 'Reed Pack' to acknowledge the fantastic dedication and service of our President Dr Dave Reed who has been involved with the Scout Group for some twenty plus years !
